## **Student Afternoon Options- Revised**

We offer a new selection of options for students in the afternoon. During the week, we offer alternate days with focus on Martial Art and Visual Art. Students have been working in school all day. Our approach is for them to feel relaxed, have fun while learning, in a respectful, organized environment. Students can join karate, art classes, or Open Time to practice, spend time reading, doing homework or just having down time. We also have an alternating Saturday afternoon art class

Activities are in the Tasaki Room or Umetsu Room
